Foreword...

We, the Class of 1961, claim the honor of being the first to graduate from "Our New School." Excited and expectant, we took our places here, eager to adapt ourselves to the new surroundings. Still there were within our hearts the memories of pleasant days spent in "Our Old School," where a large portion of our lives took shape. Now, as our high school days are ending, we experience these same mixed feelings of the "old" and the "new." With acute nostalgia our minds recall the events and people of Mount Holly High; yet, we await the future with anticipation, determination, and courage.

Dedicated to...

Mr. Kenwood Royal

Mr. Royal . . . a coach.

Mr. Royal . . . a teacher.

To a man who, in only two years, has won the sincere regard of his students. As a coach, he has been a fine example of good sportsmanship and fair play. As a teacher, he has achieved the student-teacher relationship of being admired and respected but, at the same time, of being "one of them." To you, Coach Kenwood Royal, we dedicate the 1961 edition of The Holly Hawk with our best wishes and deepest gratitude.

the fabulous time we had on the JCD Convention in Chapel

thing!). You are a very brave girl. (Only compliment I

fact that you drove to Charlotte with me. Here's

school with you this
year even if you don't
have any classes together. Maybe
next year will be different. I just
finished reading Russell's letter and he
stole some of my better ideas for writing a
letter. I go along with him about you and the
other "slaves" stealing the grape (wine) juice. I still
think that was a sorry way to do your masters. If I
had been a true Roman I'd have killed you which was.
Devereux would have liked. I should do it yet because if
anyone is stupid enough to take Latin I and still think about taking
Latin II must be crazy. You'll find out what I mean when you
start translating Caesar instead of reading it in English. You think
it will be easy now and the writers of the Latin book try to fool you at
first by having a few easy lessons. When you have come to far to stop
is when it gets hard. Believe me! But really I have a lot of fun
and I hope you will to. It usually comes easy to most "brains":
and has really been vice knowing you are... and I wish you
all the luck in the world. (You'll need it)

Anne,

I have enjoyed going to school with you at Lucia, and here at Mt. Holly. Thanks for all the help you have given me in Latin. I don't know what I would have done without it! I hope you will always get what you want and deserve. Since you don't want any little "brats," wish me luck with the ones I want. May God bless you always.

How are you. I am fine. Hope you are too. Like a fish. That was no way to start a — but it was the only way I could think of. It has been fun knowing you these days, but as you know, if you eat too much cake, you get tired of it. (Take a hint.) I hope you don't have any of the luck in life and that I have all of it, and if you don't like that you can go home. And you shouldn't get hit the grape juice. So don't try to get out of it. And I can't think of any more insults so I will have to start making comments. It has really been nice knowing you and I wish you all the best possible, even mine ~~with~~ So, I must go!!!

It has been fun knowing
you this year. It is fun
listening to "copy"
telling about the debates.
(I don't know what she
is talking about). It
has been loads of fun,
especially on the
debating trip. May the
best of luck always
come to a very
nice girl.

Lots of luck,
David

Anne,

Well, this year may not have been too exciting, but there are good times to remember. Best wishes for both now and the future.

to a great reunion from the some species "Dear Anne,"

It sure has been a great year hasn't it? Do you remember what Sophomore year was like? I wouldn't doubt it! We've done some really crazy things. I remember you were so nice and made friends so quickly and now you've liked you immediately. Now this year we are going to the mink farm with "mama" Leptin. How about that great sausage I cooked and ate some of it? Remember a friend, Miriam

It was the best party I'd been to in a long time. Though I didn't get to know him too well -- I thought your cousin was very nice. Boy what a crowd you had! I even remember the snow that was on "Twilight Zone" party. How could I forget you could never forget the Latin conversation! I know you and take care of the Junior - Junior! I still haven't come to the party. How about that ever ate a plately reoccupied!! How about all those programs that you spent time moving so I could see Jimmy. And Julius Caesar -- I got so sick of that with no concision (spelling) worried! Remember those cold rainy days that we stood outside? Yes, this year surely has been fun, and the high school bldg? Forward to two more (yep) I only had a 1st letter (if you pass survival to two more) I only had a ball! Anne - you are a truly wonderful person and I'm so glad I got to know you. # Do how awesome I hope you are as a very "big" Junior. Lots of Love

and through life. I hope you'll always be as strong (if not stronger) as you are now. Always

Anne,
Hello,
Lord-mouth! It
seems like every time you
get on the bus, everyone talks
louder + louder. But you always

I seriously though, Anne I had have

you for the last so-many years. (seems like an eternity)
Honey, next year, I want you to keep everyone
laughing because I won't be here to help. Never let there be a
dull moment in anyone's life. Keep them happy. Always remember me
as a friend. Lots of love to you, BIG MOUTH.

P.S. Remember old '50's
Anne, truly been a pleasure
going to school with you since
you came from Lucia. I'll never
forget the trip to Chapel Hill and
the Latin Banquet. Good luck

Well, this is the bitter end! You'll just have to struggle along without "lil' ol' me". I sure do hate to leave! Never forget all the fun we had in debating. It's really been great knowing you Ann, especially this year. You are really a cute girl who's just bubbling over with personality! I'm sure you will be a success in life.

Ann,

although I haven't been here very long, as you probably know! I have observed enough of you to know that you have a wonderful personality + that you are also very cute. Now you just stay like you are now + I am sure you will gain many friends in life + you will go far. Be sweet until next year + maybe if I'm lucky I will get in another class with you.
